

## LOCAL AND GENERAL NEWS.

A number of stores are closed to-day on account of regatta.

The band will play at Makee Island to-morrow afternoon. The concert will be as sacred as usual.

H. M. Whitney, Jr., and Morris Keohokalole are the umpires in this afternoon's champion game.

Company C under command of Captain Camara marched to Waianae this afternoon to camp out and drill.

Vierra will coach for the Regiment this afternoon. After the game is over he will take the stump with Bryan.

There will be a reunion of the members of the G. W. De Long Post No. 45 at Little Britain on Tuesday evening.

Captain Camara's Champion Co. was wise in retiring to Waianae to-day. Many friends will visit them to-morrow.

Caterer Chapman arranged an excellent luncheon for the Healan Boat Club and their invited friends to-day, at the boathouse.

Hart and Babbitt will give Woods and Simerson a deal this afternoon. Will the Regiments divide the honors with the Stars or fight it out?

British Commissioner Hawes will return to Honolulu about the middle of next month. His presence may be required for official matters.

Captain Calway believes that he can save the Gainsborough. His pumps are working well, and he is rescuing coal. The holiday interferes with his operations.

Six boys, inmates of the Reform School, who recently assaulted a teacher of the school, were flogged yesterday in the presence of the other inmates and Minister Cooper.

The petition for discharge by the executor of the estate of Louisa Armstrong, will be heard on Monday the 21st inst., in the Circuit Court, when accounts etc. will be submitted.

There will be a cricket match this afternoon between the Honolulu Club and the Pacific Club. It should be a very interesting game. The King Street cars land players close to the ground.

Reverend Mr. Birnie will take for his text to-morrow morning at the Central Union Church, "Religion and Education." In the evening he will speak on "The Kingdom of God and the Government Schools."

The game between the Stars and Regiments this afternoon, will be for blood. If the Stars win they get the championship for the season. If the Regiments come out ahead, there will be a tie and another game will be necessary.

### The Y. H. I.'s "Smoker"

The officers of the Young Hawaiians Institute were installed last evening with interesting ceremonies, before a large gathering of invited guests and friends that filled the two large rooms of the Association.

In the music room were comfortably seated the lady friends and their escorts. The decorations were tasteful and pretty, and not overdone. The other room was devoted to cards and smoking and a merry time was spent by those participating. There was an ample quantity of refreshments such as ice cream, cakes and purely temperance beverages. There was music galore, and there were young intruders who should not have been present.

While our young friends may be congratulated on the general success of their evening's entertainment, it is only right to say that among the thoughtful and progressive members of the Association, desirous of carrying out the principles of the Institution, considerable dissatisfaction was expressed at the smoking and card playing while ladies were present.

It would also have been more in accord with the courtesy due to their guests if certain of the officers had been more in evidence in the music room rather than in the smoking and card room.

It is anticipated that this year's experience will be availed of at next year's gathering.

Handshaking came into vogue during the reign of Henry II., in England.

The people of Great Britain consume less tobacco per head than any other civilized people of the world.

## REGATTA DAY.

Our New National Holiday Not Quite a Success.

The showers of last evening promised a fair day for our athletic holiday, and Hawaii's sun did its best to make friends with those who wished to make the day a people's holiday to day.

Many, if not most of the business establishments were closed, but their owners and employees were not at the regatta. The artisans worked on and earned their wages. Aztec poured out coal and the seats arranged for ladies and their escorts were occupied by our rising generation, the children full of fun and uncontrollable.

Around the wharves, and in the harbor Hawaiian children held control. It was unfortunate, perhaps, that the experience of the days of the King's regatta of earlier days was not remembered by the Regatta Committee.

From the beginning to the time we go to press there appeared to be many mistakes. The yacht race started well and the Rescue appeared to have the advantage. The foul between the Myrtles and the Healanis was another incident that was commented upon.

Consular flags were displayed but the U. S. S. Adams contented herself with the flag of her own nationality. A few ships in port, and the Boat Club houses were decorated with bunting. Perhaps the people were pleased and so long live the Regatta day. It is regrettable that compliments cannot be exchanged because they are not merited.

The Kinan won the steamer's boat race, hands down.

Frank Godfrey's program of the races was found very useful to all interested.

There is no monotony in the lunch courses set at the Anchor. There is a daily surprise for the guests. The home cooked viands are a perfect, wholesome treat.

This is just the weather for shandy gaff. Call at the Royal, Pacific or Cosmopolitan and have it made out of Pabst Milwaukee beer. You will be entranced with it.

At the Empire you can select your beers from the Seattle, National or half and half, with the standard brands of other liquors maintained to the satisfaction of all friends.

At the Pacific, Royal and Cosmopolitan saloons you obtain interchangeable checks for the famous Pabst Milwaukee beer on draft. This is a great convenience to patrons.

In a warm climate beer should be cool, clear, bright refreshing and wholesome, but not too strong or heady. These requisites are perfectly blended in Pabst Milwaukee which you can get on draught or in bottle at the Peacock saloons.

At the Royal Annex an adjunct to the Royal Saloon patrons will find the prettiest little sample room in town and the famous Corregio. At lunch time a pleasing lunch is spread, and all the liquors supplied are of the finest quality.

The Seattle Rainier beer under Capt. Charles McCarthy's management is competing very strongly with its rivals. Originally it was confined to the very quiet and respectable Criterion Saloon. It is now supplied at the Anchor, Empire and Louvre. Merit will tell.

If you want to read the latest papers, especially the leading illustrated ones of all around the world, and to enjoy a cool and refreshing drink of Enterprise beer, and any beverage of pure standard articles call at the Pantheon and interview John and Harry. Jim Dodd always keeps the best.

There is a charm about the Criterion that attracts a steady and unchangeable custom. With Rainier Seattle beer for the thirsty and choice drinks for connoisseurs; with Charley McCarthy as chief, and Charley Andrews and Peter O'Sullivan as courteous and competent assistants all are pleased.

## W. W. DIMOND'S

By the Transit which arrived on the 4th inst., we received 100 Jewel stoves and ranges (one large car load) direct from the factory at Detroit.

This is our third shipment, and we find that we have only 4 stoves left from our previous lot.

The excellence of these stoves has already been proved by the large sale, but we will name three points:

First. Long life from the heavy high grade of iron which is the same in the \$12 stove as in the \$50 range.

Second. Economy in the use of fuel.

Third. Quick and even bakers.

We propose leasing these stoves on the following terms:

When the stove is delivered one-third of the price is paid in cash, and the balance monthly thereafter in five equal payments.

If before the expiration of the five months, the lessee wishes to pay off the balance, he will be entitled to a discount of five percent on the amount unpaid.

If a customer wants to buy outright, he gets five percent discount on the whole amount.

Jewel stoves and ranges can be had only of us.
